Education

- **KTH Royal Institute of Technology**
  Master's degree in Interactive Media Technology — *2020 – 2025*
- **Stockholms Science and Innovation School**
  Information and Media Technology — *2017 – 2020*

Experience

- **Sebbes Webbyrå**
  Owner — *June 2020 – January 2026*
  - Founded a web agency providing consulting services; built and maintained WordPress websites for local businesses and managed bookkeeping and invoicing.
- **KTH Royal Institute of Technology**
  Teaching assistant — *January – February 2023*
  - Debugged automated tests, supported students with JavaScript labs, and supervised and graded presentations.
- **Stockholms Rehabklinik**
  IT consultant — *December 2019 – June 2020*
  - Maintained the company's Django booking system; continued this work through Sebbes Webbyrå.
- **Norrtälje Municipality**
  Summer employee, HR department — *Summers 2018 & 2019*
  - Handled administration, followed up and closed recruitment advertisements, and conducted external environment analyses during two consecutive summers.

Projects

- **CalmaKit – Master's thesis, KTH (January – August 2025)**: Designed an assistive prototype for people with cerebral palsy using a wearable band, Arduino and a mobile app, with an effect similar to weighted blankets. All three test participants reported reduced perceived spasticity. (source)
- **myMathBook – Full-stack Web Application**: Built a web application using React, TypeScript and Node.js for writing mathematics digitally. Implemented automatic mathematical expression detection, LaTeX rendering, and tools to solve several math exercises with a focus on user experience. (source)

Engagement

- **SS Gambit – Member since 2019**: Club treasurer and board member; previously deputy secretary. Organize online training sessions and compete in Roslagsserien and Division 2 of Allsvenskan.
- **Chess content creation**: Over 10,000 followers across social profiles. Manage streaming, recording, editing, publishing, merchandise and website design. Invited creator at DreamHack Stockholm 2025 and 2026; sold more event tickets than any other creator in 2025. Social profile available upon request.
- **Helpful Pixels – Charity fundraising (2021 – Present)**: Stream at gaming charity events, helping raise funds for Musikhjälpen, the Tim Bergling Foundation, AbleGamers, Project Hope, Diabeteskampen, Hjärnfonden and UNICEF.
